

# **Uptown Enhancement Project**

## **Uptown Updates**

### **Keeping You Informed**

The City of Sedona is starting the New Year with exciting streetscape changes in Uptown Sedona! Work on the Uptown Enhancement Project will begin January 3, 2006. The first part of the project will include sidewalk and drainage improvements between the SR 89A/Jordan Road intersection and Mesquite Avenue. Construction of this first segment will occur between January 3<sup>rd</sup> and the end of January and will start at the SR 89A/Jordan Road intersection and move north along Jordan Road to Mesquite Avenue. At this time, it is anticipated that Jordan Road may be closed for at least a four-day period at the SR 89A/Jordan Road intersection. During the times Jordan Road will be closed, business access, deliveries and through traffic will need to use alternative routes, such as Forest Road, Van Deren Road and Apple Avenue.

Access to the Star Motel and C-Market will still be possible via Mesquite Avenue, and access to these two businesses will be maintained at all times. As the work progresses, road detours and one-way traffic control will be necessary. Road detour signs will be in place, as necessary.

City staff and representatives from Tiffany Construction, the City's contractor, will be holding an update meeting for property owners and merchants on Friday, January 6<sup>th</sup> at 8:00 a.m. at the Wayside Chapel. Future update meetings will be held throughout the entire duration of the Uptown Enhancement Project every other Friday at 8:00 a.m. at the Wayside Chapel.

Thank you
